ON THE COVER

A lot of snow, a howling wind and suddenly there's a big job to be done! Once the call goes out for the Russell Snowplow, Old Man Winter doesn't stand a chance. After decades of service, the "Russells" as they're known are still the big guns of snow fighting on lines big and small. Waiting for the call on a siding, or blasting down the main, the WalthersProto Russell Snowplow is a must-have for any HO work train fleet. Go to page 10 to check out the 6 newest roadnames and all the features of these amazing replicas, including the new Wisconsin Central version.

WELCOME

Lots of exciting new products, great deals and much more are rolling your way in this month's issue!

Model a complete HO Scale scrapyard with with new WalthersMainline® 53' Corrugated Side Gondolas, and one-piece scrap loads from Walthers SceneMaster™. Turn to page 4 for modeling ideas.

Make WalthersMainline ore cars more realistic in minutes with new Walthers SceneMaster Iron Ore and Taconite Load 4-packs. Check out these new HO loads now on page 7.

Big, bold schemes highlight the newest run of WalthersMainline® 40' AAR 1944 Boxcars. Turn to page 6 for information on these classic freight cars.

Add domestic service to your intermodal operations with 8 new Walthers SceneMaster 53' Singamas Containers. Complete details on page 7.

Find out more about these new models at walthers.com, by calling us at 1-800-487-2467, or visit your participating hobby shop to reserve any new product in this issue.

Happy Modeling!

Phil Walthers

WORKING ALONG THE WATERFRONT

The screeching of gulls is drowned out by the sounds of an EMD SW1 and its train clattering across the bridges over the ship channel. A dash of yellow and green graces the top of the Pratt deck-truss bridge as the rest of the train rolls across the through-truss bridge over the main channel, placed to leave more room for taller marine vessels to pass underneath.

This dramatic view of the city skyline is a treat for the railfan photographer as he follows a local switch run on its waterfront jaunt to the lake port. Bridges like these are ideal centerpieces for exciting scenes on your HO railroad. The Cornerstone® Engineered Bridge System makes it fast and fun to add a variety of styles and sizes along your pike.

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items–those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

EASY-TO-USE TRACK TOOL AT WALTHERS.COM

This all-purpose finder lets you easily search by manufacturer, code, scale, price and more to find exactly the track you need.

All Aboard!

From the early days of steam through the golden age of long-distance name trains to today's short commuter runs, people continue to ride the rails. Railroads made long distance travel across the country possible for the first time and commuting to work faster and easier. Bring new or expanded passenger service to your layout. Check out the wide variety of equipment available here.
